Which type of cable do I require to connect my device?

Connections · https://www.studentinternet.eu/en/docs/english/connections/which-type-of-cable-do-i-require-to-connect-my-device/

In order to wired connect your device, you will require an **UTP networkcable** (8 pins).

A UTP-networkcable is available in stores like Hyper Carrefour, Mediamarkt or any specialised computer sture.

Please note! *This network cable is* ***NOT*** *included and needs to be supplied by yourself.*
