My Dashboard: basic data limit and checking usage, ordering extra data, changing your password, verifying available sessions, logging off from a hotspot

Miscellaneous · https://www.studentinternet.eu/en/docs/english/miscellaneous/my-dashboard-basic-data-limit-and-checking-usage-ordering-extra-data-changing-your-password-verifying-available-sessions-logging-off-from-a-hotspot/

You can find information about your subscription in **My Dashboard**:
http://dashboard.studenteninternet.be
All our websites, including My Dashboard, are always available free of charge without first having to log on to the internet.

Log on to **My Dashboard** with your **username** and **password**
If you do not yet have a username and password, register first on http://register.studenteninternet.be

From **My Dashboard** you can:

- Consult your **monthly basic data limit** and remaining data.
  Your available monthly data is reset on the first day of each new month.
- Order **extra Data**
  Services such as Youtube, Facebook, Netflix also use up a lot of data!
- Consult the **maximum amount of simultaneous devices/sessions that you can logon**
- Log off **hotspot** internet devices/sessions
  *Logging off from secured Wi-Fi sessions (**SMARTEYE-Secure**) manually is not possible and will take place automatically.*
- **Change your password** or **request a new password via email** in certain cases
